

# TOM ELLIOTT

EXECUTIVE VICE PRESIDENT

Tom Elliott is an Executive Vice President and Leader of the Catalyst Construction team. He joined Catalyst Construction, an Energy Real Estate Solutions (ERES) subsidiary in 2014 to drive the organization's asset services and construction management efforts. Located in Williston, ND, Tom specializes in helping clients with critical needs surrounding existing and planned facilities including construction management, property management, vendor management, tenant relations, marketing for commercial and energy housing leasing services, and maintenance. He recently completed build to suits for Energes, Treadstone and Indian Hill Electric and is a strategic consultant for several developers in the Bakken region. The bulk of Tom's career has been spent in the extractive industries with a particular emphasis on mining. His experience spans the globe – he has spent significant time in North and South America in various markets with significant drilling and mining activity.
